

Anthony Tran

atran94@uwo.ca | annthony.github.io

SKILLS

Languages: Python, PHP, JavaScript, HTML, CSS, SQL
Tools & Frameworks: Django, Laravel, React, UserFrosting, Git, Stripe, AWS

EXPERIENCE

LimPark LLC (*LimPark.co*) *Jan 2020 – Present*
Seattle (remote)
Front-end Developer

- Current site was created with UserFrosting (PHP) and PostgreSQL
- Developed several pages as well as a Tax Savings Estimator component
- Currently in development of the next iteration of the LimPark landing site in React

Eighty8 Ventures *May 2018 – Sept 2019*
London
Web Developer Intern

Miistro (*miistro.com*)

- Developed the Laravel PHP backend server for lesson scheduling/management, account management, and implemented Stripe for billing
- Designed the MariaDB SQL database schema
- Currently serving over 500 users

Wing Deals (*wingdeals.com*)

- Assisted in development of the search engine, implemented Stripe billing, fixed bugs and styling in the frontend

Laravel Project Base Generator

- Created a backend code generator that generates a CRUD API given a YAML file modelling the desired project

Chatime *May 2016 – May 2018*
London and Guelph
Tea-rista/Shift Leader

- Handled all aspects of the store including customer service, making drinks, handling cash, stocking, and training

Uber *July 2017 – April 2018*
London
Greenlight Expert

- Operated London's Greenlight Hub, providing in-person support for driver partners

PROJECTS

Project moo

- Created a platform to connect patients with healthcare providers, streamlining the appointment booking process
- Includes features such as full account management, public provider profiles and searchable listings, appointment booking based on availability, intake form customization, and more
- Developed with Django (Python), HTML, CSS, JavaScript, PostgreSQL, and hosted on an AWS EC2 instance

EDUCATION

Western University *London, ON*
2014 – 2020
Bachelor of Science, Specialization in Computer Science

INTERESTS AND EXTRACURRICULARS

I love sabre fencing, badminton, and photography! I was the Men's Sabre Captain for Western's Varsity Fencing team for two years, and UWO Badminton Club's VP Communications/Admin for four years. I took up photography two years ago to be able to capture memories for myself and others to enjoy and relive.
